

PURCHASING – BIDDING

The board supports economic development in Iowa. Purchases by the school district will be made in Iowa for Iowa goods and services from a locally-owned business located within the school district or from an Iowa-based company which offers these goods or services if the cost and other considerations are relatively equal and they meet the required specifications.

Prior to August 15 of each year and after analyzing the school district's anticipated procurement level for the current fiscal year, the school board will set a goal of ten percent of the anticipated procurement level to be purchased from certified targeted small businesses. In determining the procurement level, the cost of utilities (heat, electricity, telephone and natural gas) and employees' costs will not be included. After the goal has been established, the superintendent will file the required Targeted Small Business Procurement form with the Department of Education by August 15.

By July 31 of each year, the superintendent will file a report with the Department of Education outlining purchases of goods and services from targeted small businesses for the previous fiscal year.

The school board and superintendent will encourage targeted small businesses which are not certified with the Department of Inspections and Appeals to become certified targeted small businesses.

It is the responsibility of the superintendent to approve purchases, except those authorized by or requiring direct board action. The superintendent may coordinate and combine purchases with other governmental bodies to take advantage of volume price breaks. Joint purchases with other political subdivisions will be considered in the purchase of equipment, accessories or attachments with an estimated cost of \$50,000 or more.

The superintendent will have the authority to authorize purchases without competitive bids for goods and services costing under \$25,000 without prior board approval. For goods and services costing more than \$10,000 and less than \$25,000, the superintendent will receive a minimum of two quotes of the goods and services to be purchased prior to approval of the board. Competitive sealed bids are required for purchases, other than emergency purchases, for goods and services that cost \$25,000 or more, including school buses.

When using federal Child Nutrition funds to purchase goods and services, dollars spent annually must be estimated. It is acceptable to categorize (e.g. groceries, milk, produce, small equipment, large equipment, supplies, and chemicals). A formal sealed bid procurement process is required when annual spending in the category exceeds \$25,000 annually. An informal process is used for all other purchases under the threshold annually. Documentation of informal procurement activity is kept on file.

The purchase will be made from the lowest responsible bidder based upon total cost considerations including, but not limited to, the cost of the goods and services being purchased, availability of service and/or repair, delivery date, the targeted small business procurement goal and other factors deemed relevant by the board.

The board and the superintendent will have the right to reject any or all bids, or any part thereof, and to re-advertise. If it is determined that a targeted small business which bid on the project may be unable to perform the contract, the superintendent will notify the Department of Economic Development. The board will enter into such contract or contracts as the board deems in the best interests of the school district.

PURCHASING ON BEHALF OF EMPLOYEES

Generally, the school district will not purchase items on behalf of employees. The school district may in unusual and unique circumstances do so. It is within the discretion of the board to determine when unique and unusual circumstances exist.

No purchase is made unless the employee has paid the school district prior to the order being placed and the employee has agreed to be responsible for any taxes or other expenses due.

PAYMENT FOR GOODS AND SERVICES

The board authorizes the issuance payment of claims against the school district for goods and services. The board will allow the payment after the goods and services have been received and accepted in compliance with board policy.

The board authorizes the business manager, upon approval of the superintendent, to issue payment for verified bills, for reasonable and necessary expenses, when the board is not in session. The business manager will examine the claims and verify bills. The board will approve the bills at its next regular meeting.

The business manager will determine to the business manager's satisfaction that the claims presented to the board are in order and are legitimate expenses of the school district. It is the responsibility of the business manager to bring claims to the board.

The board president and business manager may sign warrants by use of a signature plate or rubber stamp. If the board president is unavailable to personally sign warrants, the vice president may sign warrants on behalf of the president.

It is the responsibility of the superintendent to develop the administrative regulations regarding this policy.
