CHILD ABUSE REPORTING

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. Employees are encouraged, and licensed employees are required as mandatory reporters, to report alleged incidents of child abuse they become aware of within the scope of their professional duties. The definition of child abuse is in the accompanying regulation.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter will orally or in writing notify the Iowa Department of Human Services. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified. Within forty-eight hours of the oral report, the mandatory reporter will file a written report with the Iowa Department of Human Services.

Within six months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child abuse, or submit evidence they've taken the course within the previous five years. The course will be re-taken at least every five years.

CHILD ABUSE REPORTING REGULATION

Iowa law requires licensed employees to report to the Iowa Department of Human Services (DHS) instances of suspected child abuse which they become aware of within the scope of their professional duties.

The law further specifies that a licensed employee who knowingly or willfully fails to report a suspected case of child abuse is guilty of a simple misdemeanor and that the licensed employee may be subject to civil liability for damages caused by the failure to report.

Employees participating in good faith in the making of a report or in a judicial proceeding that may result from the report, are immune from liability.

Child Abuse Defined

"Child abuse" is defined as:

- Any nonaccidental physical injury, or injury which is at variance with the history given of it, suffered by a child as the result of the acts or omissions of a person responsible for the care of the child.
- The commission of a sexual offense with or to a child . . . as a result of the acts or omissions of the person responsible for the child. . . . Sexual offense includes sexual abuse, incest, and sexual exploitation of a minor.
- The failure on the part of a person responsible for the care of a child to provide for the adequate food, shelter, clothing or other care necessary for the child's welfare when financially able to do so or when offered financial or other reasonable means to do so. A parent or guardian legitimately practicing religious beliefs who does not provide specified medical treatment for a child for that reason alone will not be considered abusing the child.
- The acts or omissions of a person responsible for the care of a child which allow, permit or encourage the child to engage in acts prohibited pursuant to *Iowa Code*, section 725.1 which deals with prostitution.
- Any mental injury to a child's intellectual or psychological capacities evidenced by an observable and substantial impairment in the child's ability to function within the child's normal range of performance and behavior as the result of the acts or omissions of a person responsible for the care of the child, if the impairment is diagnosed by a licensed physician or qualified mental health professional.
- An illegal drug is present in a child's body as a direct and foreseeable consequence of the acts of omissions of the person responsible for the care of the child.
- The person responsible for the care of a child has, in the presence of the child, as defined in section 232.2, subsection 6, paragraph "p", manufactured a dangerous substance, as defined in section 232, subsection 6, paragraph "p", or in the presence of the child possesses a product containing ephedrine or its salts, optical isomers or its salts, pseudoephedrine or its salts, with the intent to use the product as a precursor or an intermediary to a dangerous substance.
- The commission of bestiality in the presence of a minor under section 717C.1 by a person who resides in a home with a child, as a result of the acts of omissions of a person responsible for the care of the child.

CHILD ABUSE REPORTING REGULATION

Teachers in public schools are not “persons responsible for the care of the child” under this definition.

Reporting Procedures

Licensed employees, including teachers and school nurses, are required to report orally, within twenty-four hours to the Iowa Department of Human Services (DHS) when the employee reasonably believes a child has suffered from abuse within the scope of employment. Within forty-eight hours of an oral report, a written report must be filed with DHS.

Each report should contain as much of the following information as can be obtained within the time limit. However, the law specifies a report will be considered valid even if it does not contain all of the following information:

- name, age, and home address of the child;
- name and home address of the parents, guardians or other persons believed to be responsible for the care of the child;
- the child's present whereabouts if not the same as the parent's or other person's home address;
- description of injuries, including evidence of previous injuries;
- name, age, and condition of other children in the same home;
- any other information considered helpful; and,
- name and address of the person making the report.

Board policy states it is not the responsibility of employees to prove that a child has been abused or neglected. Employees should not take it upon themselves to investigate the case or contact the family of the child. DHS is responsible for investigating the incident of alleged abuse.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The school district has appointed a Level I investigator and alternate Level I investigator. The school district has also arranged for a trained, experienced professional to serve as the Level II investigator. The Level I investigator and alternate will be provided training in the conducting of an investigation at the expense of the school district. The names of the investigators are listed in the student handbook published annually in the local newspaper and posted in all school facilities.

The superintendent is responsible for drafting administrative regulations to implement this policy.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

An individual who has knowledge an employee has physically or sexually abused a student may immediately report it to the elementary counselor in the elementary building and the secondary counselor in the secondary building who are the school district's Level I investigators. "Employee" means one who works for pay or as a volunteer under the direction and control of the school district. The report is written, signed and witnessed by a person of majority age. The witness may be the Level I investigator. The reporter is the individual filing the report. The report will contain the following:

- The full name, address, and telephone number of the person filing.
- The full name, age, address, and telephone number, and attendance center of the student.
- The name and place of employment of the employee who allegedly committed the abuse.
- A concise statement of the facts surrounding the incident, including date, time, and place of occurrence, if known.
- A list of possible witnesses by name, if known.
- Names and locations of persons who examined, counseled or treated the student for the alleged abuse, including the dates on which those services were provided, if known.

Upon request, the Level I investigator may assist the reporter in completing the report. An incomplete report will not be rejected unless the missing information would render the investigation futile or impossible. An employee receiving a report of alleged abuse of a student by an employee will pass the report to the investigator and will keep the report confidential to the maximum extent possible. In performing the investigation, the investigator will have access to the educational records of the alleged student victim as well as access to the student for interviewing purposes.

In order for the school district to have jurisdiction over the acts and to constitute a violation of the law, acts of the employee must be alleged to have occurred on school grounds, on school time, at a school-sponsored activity, or in a school-related context. However, the student need not be a student in the school district. The student can be from another school district. To be investigable, the written report must include basic information showing that the victim of the alleged abuse is or was a student at the time of the incident, that the alleged act of the employee resulted in injury or otherwise meets the definition of abuse in these rules, and that the person responsible for the act is currently an employee. If the report is not investigable due to lack of jurisdiction, the investigator will dismiss the complaint and inform the reporter of other options available. Other options available to the reporter include contacting law enforcement authorities, private counsel, or the Board of Educational Examiners in the case of a licensed employee.

If the Level I investigator believes the student is in imminent danger if continued contact is permitted between the employee and the student, the Level I investigator may:

- temporarily remove the student from contact with the employee;
- temporarily remove the employee from service; or,
- take other appropriate action to ensure the student's safety.

The Level I investigator will have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

Physical Abuse Allegations

When physical abuse is reported, the Level I investigator will make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report will not receive a copy of the report until the employee is initially interviewed.

The Level I investigator will use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation will not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

Within five days of receipt of an investigable report, the Level I investigator will complete an informal investigation. The informal investigation will consist of interviews with the student, the employee and others who may have knowledge of the alleged incident. If the Level I investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the Level I investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report. Within fifteen days of receipt of the report, the Level I investigator will complete a written investigative report, unless the investigation was temporarily deferred.

The written investigative report will include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*), or
 - Founded. (*It is likely that an incident took place.*)
8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the Board of Educational Examiners if the employee is a licensed employee.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator will retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor and the student's parent or guardian. The person filing the report, if not the student's parent or guardian, is notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident of abuse as defined in the rules took place between the student and employee. The Level I investigator does not make the determination of whether the use of physical contact was appropriate or whether any of the exceptions apply. That is the responsibility of the Level II investigator. Upon completion of the report, if the Level I investigator determines the allegations of physical abuse are founded and serious, the Level I investigator will notify law enforcement authorities. If the allegations are founded but the physical abuse is not of a serious nature, the Level I investigator will refer the case on to the Sac County Sheriff's Department, the Level II investigator.

The Level II investigator will review the Level I investigator's final investigative report and conduct further investigation. The Level II investigative report will state the conclusion as to the occurrence of the alleged incident, the applicability of exceptions, the reason for the contact or force used, and recommendations regarding the need for further investigation. In determining the applicability of the exceptions or the reasonableness of the contact or force used, the Level II investigator will use the following definitions:

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

- a. Using reasonable and necessary force, not designed or intended to cause pain:
 - (1) To quell a disturbance or prevent an act that threatens physical harm to any person.
 - (2) To obtain possession of a weapon or other dangerous object within a pupil's control.
 - (3) For the purposes of self-defense or defense of others as provided for in Iowa Code § 704.3.
 - (4) For the protection of property as provided for in Iowa Code §§ 704.4, .5.
 - (5) To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
 - (6) To prevent a student from the self-infliction of harm.
 - (7) To protect the safety of others.
- b. Using incidental, minor, or reasonable physical contact to maintain order and control.

In determining the reasonableness of the contact or force used, the following factors are considered:

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

- a. The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
- b. The size and physical condition of the student.
- c. The instrumentality used in making the physical contact.
- d. The motivation of the school employee in initiating the physical contact.
- e. The extent of injury to the student resulting from the physical contact.

"Reasonable force" is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one's life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

Upon completion of the Level II investigation, the Level I investigator will forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator will notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator will file a complaint with the State Board of Educational Examiners. The Level I investigator will also arrange for counseling services for the student if the student or student's parents request counseling services.

Sexual Abuse

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, as well as inappropriate, intentional sexual behavior or sexual harassment by the employee toward a student. "Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive education environment.

When sexual abuse is reported, the Level I investigator will make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report will not receive a copy of the report until the employee is initially interviewed. The designated investigator will not interview the school employee named in a report of sexual abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator will notify the parent, guardian or legal custodian of a student in prekindergarten through grade six, of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The Level I investigator will interview the student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The Level I investigator may record the interview electronically.

The Level I investigator will exercise discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator will maintain the confidentiality of the report.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the Level I investigator believes the employee committed a sex act with a student or sexually exploited a student, the Level I investigator will defer the Level I investigation and immediately notify law enforcement officials, the student's parents and the person filing the report.

If the Level I investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the Level I investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report. Prior to interviewing other individuals who may have knowledge of the circumstance contained in the report, the Level I investigator will provide notice of the impending interview of student witnesses or the student who is in prekindergarten through grade six, to their parent, guardian, or legal custodian, and may provide notice to the parent or guardian of older students, prior to interviewing those students. The Level I investigator shall, if founded, arrange for the Level II investigator to further investigate the allegations.

Within fifteen days of receipt of the report or notice of alleged sexual abuse, the Level I investigator will complete a written investigative report unless the investigation was temporarily deferred. The written investigative report will include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the school employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*),
 - or
 - Founded. (*It is likely that an incident took place.*)

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the Board of Educational Examiners if the school employee is certificated.

The investigator will retain the original and provide a copy of the investigative report to the school employee named in the report, the school employee's supervisor and the named student's parent or guardian. The person filing the report, if not the student's parent or guardian, is notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

If the allegations are founded, the Level I investigator will refer the case to the Level II investigator. The Level II investigator will review the Level I investigator's final investigative report and conduct further investigation if necessary. The Level II investigative report will state conclusively as to the occurrence of the alleged incident, conclusively as to the nature of the sexual abuse and recommendations regarding the need for further investigation. Upon completion of the Level II investigation, the Level I investigator will forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator will notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude sexual abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator will file a complaint on behalf of the district after obtaining the superintendent's signature with the State Board of Educational Examiners. The Level I investigator will also arrange for counseling services for the student if the student or student's parents request counseling services.

In cases involving founded physical or sexual abuse by a licensed employee, the board will notify the Board of Educational Examiners. Information of unfounded abuse at Level I or Level II will not be kept in the employee's personnel file. If the Level I investigative report is founded but Level II is unfounded, then the Level I report is removed from the employee's permanent file. Notes, tapes memorandums and related materials compiled in the investigations must be kept for two years.

It is the responsibility of the board to annually identify a Level I and Level II investigator. The board will also designate annually an alternate Level I investigator, preferably of the opposite sex of the designated Level I investigator, to whom reports may also be made. The names and telephone numbers of the Level I investigator and the alternate Level I investigator is included in employee handbooks, student handbooks, annually published in the local newspaper, and prominently displayed in all school buildings.

- Items or services received by members or representatives of members as part of a regularly scheduled event that is part of a business or educational conference, seminar or other meeting that is sponsored and directed by any state, national or regional government organization in which the state of Iowa or a political subdivision of the state of Iowa is a member or received at such an event by members or representatives of members of state, national or regional government organizations whose memberships and officers are primarily composed of state or local government officials or employees;
- Payment of salary or expenses by the school district for the cost of attending a meeting of a subunit of an agency when the employee whose expenses are being paid serves on a board, commission, committee, council or other subunit of the agency and the employee is not entitled to receive compensation or reimbursement of expenses from the school district for attending the meeting; or
- Actual registration costs for informational meetings or sessions which assist a public official or public employee in the performance of the person's official functions. The costs of food, drink, lodging and travel are not "registration costs" under this paragraph. Meetings or sessions which a public official or public employee attends for personal or professional licensing purposes are not "informational meetings or sessions which assist a public official or public employee in the performance of the person's official functions" under this paragraph.

An "honorarium" is anything of value that is accepted by, or on behalf of, an employee as consideration for an appearance, speech or article. An honorarium does not include any of the following:

- Actual expenses of an employee for registration, food, beverages, travel or lodging for a meeting, which is given in return for participation in a panel or speaking engagement at a meeting when the expenses relate directly to the day or days on which the employee has participation or presentation responsibilities;
- A nonmonetary gift or series of nonmonetary gifts donated within thirty days to a public body, an educational or charitable organization or the Iowa department of general services; or
- A payment made to an employee for services rendered as part of a private business, trade or profession in which the employee is engaged if the payment is commensurate with the actual services rendered and is not being made because of the person's status as an employee of the district, but, rather, because of some special expertise or other qualification.

It is the responsibility of each employee to know when it is appropriate to accept or reject gifts or an honorarium.

PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

- (a) Matters should first be addressed to the teacher or employee.
- (b) Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and the superintendent for classified employees.
- (c) Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.
- (d) If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with board policy 210.8.

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only do so if they are in writing, signed, and the complainant has complied with this policy.

EMPLOYEE OUTSIDE EMPLOYMENT

The board believes the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board considers an employee's duties as part of a regular, full-time position as full-time employment. The board expects such employees to give the responsibilities of their positions in the school district precedence over any other employment.

It is the responsibility of the superintendent to counsel employees, whether full-time or part-time, if, in the judgment of the superintendent and the employee's immediate supervisor, the employee's outside employment interferes with the performance of the employee's duties required in the employee's position within the school district.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.
